Dear Colleagues,

It is a great honor and pleasure to invite you to the „International Congress of Concepts and Innovations in Knee Surgery“, from 2nd to 4th July 2015. The Congress will be held in Velden on the Woerthersee lake in the southern Austrian region of Carinthia, in immediate vicinity to the AUVA Trauma Centre Klagenfurt, one of AUVA's seven trauma hospitals in Austria.

The Congress programme will include all hot topics in knee surgery currently discussed in the society including healing response, ligament repair/reconstruction, revision, joint saving procedures and joint replacement.

For this purpose, we were able to line up an excellent Faculty who will not only present evidence, contemporary solutions and new ideas, but will also be open to personal discussions and debates. Furthermore, this Congress will provide you an overall update in terms of applying the new expertise into your daily practice.

In addition, you will have the possibility to follow live demo surgeries on ACL-reconstruction, patellofemoral arthroplasty and trochleoplasty.

We are also pleased to invite you to our special Networking Evening, which will be an occasion for sharing our knowledge, for networking and making personal contacts, making this Congress an unforgettable event.

Participate in the Congress with its interactive and innovative programme. It will enable you to take your knowledge to a higher level, not only by learning and sharing, but also by meeting renowned experts in the field of knee surgery.

We are looking forward to welcoming you all in Velden in early summer.

Sincerely,
Your scientific committee

Live demo surgeries

On Friday, July 03, 2015, three live demo surgeries are planned. They will be transmitted into the lecture hall from the "Mobile Lab", an operating room on wheels with state-of-the-art arthroscopic equipment.

The attendees will witness the performance of surgeries under life-like conditions.

The demo sessions are planned as follows:

08:00 – 08:30

Demo surgery no. 1: ACL – ALL-inside

10:30 – 11:00

Demo surgery no. 2: Trochleoplasty

13:30 – 14:00

Demo surgery no. 3: Hemicap wave

AUVA Trauma Centre Klagenfurt

is one of AUVA's seven trauma hospitals in Austria and is located in Carinthia.
